

INTENT OF EACH SCHOLARSHIP

John Dinan was a biologist for the Nebraska Game & Parks nongame bird program. He was a founding member of Bluebirds Across Nebraska and very instrumental in the start-up of the organization. John passed away in August of 2005 at the age of 51 from leukemia.

The John Dinan Memorial Scholarship is intended to go to an applicant that is interested in the outdoors. This could be anything with animals (wild, farm, domesticated), plants, conservation, and farming; generally anything that involves getting yourself or others outside.

Sharon Holliday was a member of Bluebirds Across Nebraska for over 20 years. She became the Gage County Coordinator at the inception of the County Coordinator program and received the organization's True Blue Award in 2006 for her dedication to bluebird conservation. Sharon touched many lives in her professional career as a high school life science teacher, and was dedicated to passing on her love of nature to her children and grandchildren. Sharon passed away in Oct 2015 after courageously battling cancer.

The Sharon Holliday Memorial Scholarship is intended to go to an applicant that is interested in education, social work, or anything to do with the family (could even extend into the medical field).
